

LAPTOP STAND Install Guide

Important Warnings For Installation

Usage: Do not place heavy objects on the stand to avoid potential damage.

Stability: Place the stand on a flat, stable surface to prevent tipping or falling.

Avoid Moisture: Do not expose the wooden stand to water or excessive moisture, as this may warp the wood over time.

Assembly Care: Handle the wood parts carefully during assembly to prevent scratches or dents.

Temperature: Keep the stand away from heat sources, such as radiators or direct sunlight, to maintain the wood's integrity.

Cable Management: Ensure any cables do not interfere with the stability of the laptop or stand.

Maintenance: Clean with a dry or slightly damp cloth—do not use harsh chemicals.

Follow The Steps Below For Installation

START ↓ ↓

001

Position the 8-level wooden piece and the support piece as shown in the image. Align the pieces carefully to ensure proper assembly.

002

Place the part designed for the keyboard with mug holders.

003

Place the part designed for the laptop at your desired height.

FINISH ↓ ↓

004

It's time to celebrate you and your project's innate awesomeness!
